

Stockbridge School of Agriculture

at the

University of Massachusetts

presents

STOSAG

"In the paths where you have begun well, may you always continue to tread."

FOREWORD

As we graduate from the Stockbridge School of Agriculture, each one of us will carry cherished memories of our two years spent in receiving a higher education. The ideal of this school is to prepare the student with the necessary education needed for his chosen career. This education will always be useful no matter where our paths may lead. However, education doesn't insure success but only provides the necessary tools needed to attain this goal. Whether you use these tools for your benefit depends entirely upon you and you alone. The school has done its part and now it's time for you to do yours.

The yearbook staff wishes the graduates of 1965 the best of luck and happiness. We sincerely hope that you will always treasure your 1965 STOSAG as a remembrance of the education you received, the various social events you attended, and the many friends you made.

Editor-in-Chief James Padula

We Proudly Dedicate

STOSAG

To

Maureen Flavin

Few Stockbridge students graduate without having met or at least having their college lives influenced in some way by Maureen Flavin.

Maureen has been serving the students at the University of Massachusetts in the RSO office since August, 1962. During this time she has helped the officers and members of the more than two hundred student organizations on campus in countless ways. Many club treasurers would have been completely bewildered if Maureen had not helped them over the hurdles and showed them how to keep orderly club records.

Her courtesy to Stockbridge students plus her ability to handle the routine as well as the emergency detail of student programming has earned her the respect of the student body and her associates. Her RSO duties have required her to be stenographer, bookkeeper, advisor, and friend. Maureen has carried out these responsibilities so efficiently that she is frequently referred to as "Miss RSO" and because of her service to Stockbridge School, she has been made an honorary member of Stoso.

Therefore, the class of 1965 hereby dedicates this 47th edition of STOSAG, to you, Maureen, in hope that it can in some way convey our "thanks".

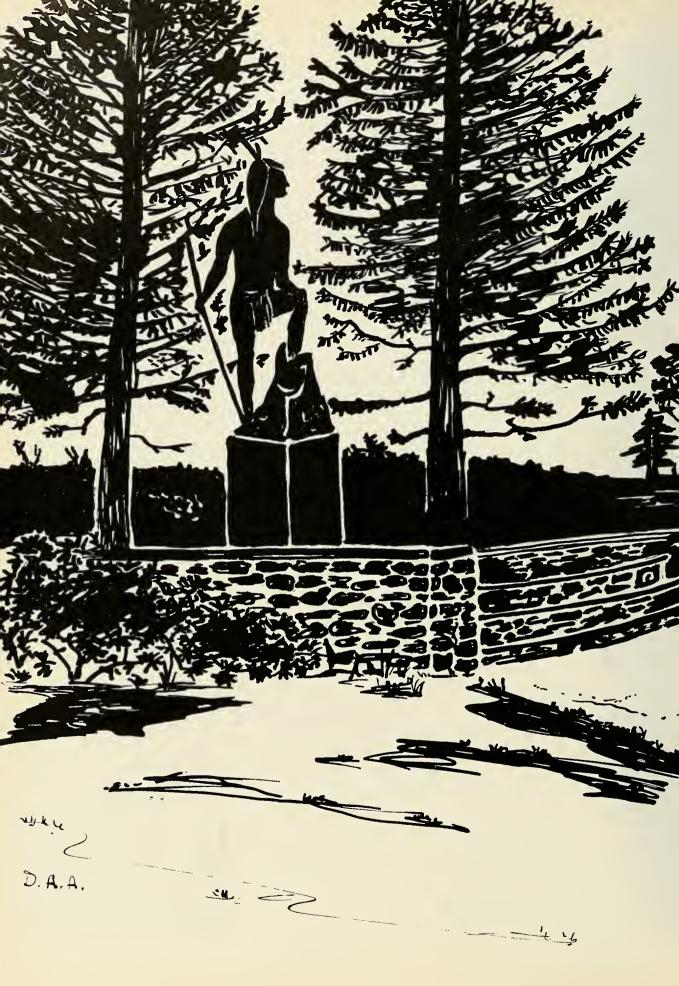

Administration

And

Faculty

President of the University, John W. Lederle, has often spoken of the Stockbridge School's part in the total University program and the way in which its graduates have distinguished themselves. He has played an important part in having our school's graduates receive the Associate's Degree in Agriculture.

It is hoped that under his leadership the relationship between Stockbridge School and the University will remain as fruitful as it has in the past.

A warm and friendly smile, always able to find time for the individual, this describes William F. Field, University Dean of Students. He has earned many lasting friendships with Stockbridge students.

Arless A. Spielman, Dean and Director of the College of Agriculture, is a national leader in the agricultural field. Though he is seldom in personal contact with the Stockbridge students, our school's program has been greatly enriched by his association, an association which we are proud to have.

Congratulations to the Class of 1965 — one of the largest classes in many years. The vast majority of you will go directly to work in the area in which you are proficient. I am guessing that about twenty percent of you will wish to continue your education at one of the Land-Grant universities — including the University of Massachusetts. In any case I wish all of you well.

Entrance to Stockbridge is becoming more and more difficult each year as the number of applications increase at a faster rate than the increasing quota. This will mean a more selective entrance policy than we have had in the past but it will mean that many well qualified applicants will have to be turned away. The Class of 1965 has been blessed with a high percentage of scholars — for proof of this contention I refer you to membership in LEAR.

The Class of 1965 has an added distinction of which I am very proud, namely, it is completely free of the bearded misanthropes more commonly referred to as beatniks. This speaks well for the mental health and basic philosophy of life of Stockbridge students.

Herschel G. Abbott Associate Professor of Forestry—M.F.

George N. Agrios Assistant Professor of Plant Pathology—Ph. D.

James F. Anderson
Instructor of
Horticulture—M.S.

Allen V. Barker Assistant Professor of Plant Science—Ph. D.

Netto. Third row: A. Dutta, J. Vizard, D. Spratt, B. Morgan, W. McCormick. Fourth row: R. Gerner, P. Mutphy, H. Ellison, J. Colpack, R. Collins. Fifth row: J. Puzine, R. Ford, W. Nooth, M. Bobola, R. Brennan, J. Frydman, J. Odel.

The need for managers in the restaurant and hotel industry arises from the vocational opportunities flowing out of the industry; an industry so important in the economic life of Massachusetts and the country as a whole. This training, on a professional level, is encouraged by the able and forward-looking leaders of the hotel and restaurant profession.

The members of the Innkeepers Club are in charge of many banquets, such as the President's Christmas Banquet. They also take many trips to different restaurants in the area.

FOOD DISTRIBUTION CLUB

Left to right — First row: A. Dutra, R. Bates, A. Bowles, W. Nooth, R. Fleming. Second row: R. Prior, R. Goddard, J. Skulski, T. Sullivan.

Organizations

SHORTHORN

Left to right — First row: C. Wheeler, J. Roseberry. Second row: R. Pollock, J. Barrus.

The Guiding light

Dear Martha

That's not a halo.

Scandal sheets

A vital link between faculty and students and between student and student is the Shorthorn. One might learn of a placement opportunity, the life history of a professor, or of the time and place of a club meeting. This is the fourth year and the best so far, of publication for the Shorthorn and its newness coupled with inexperience in the staff have held its scope primarily to social and athletic affairs. Age and added depth will surely give the Shorthorn a more comprehensive view of campus and student affairs.

STOSO

Left to right — First row: A. Maldonado, M. Rossi, D. Howard, M. Housman, A. King, C. Wheeler, M. Anacker, L. Slack, W. Cowley. Second row: A. Bowles, P. Parkhurst, J. Frydmen, M. Mulryan, Mr. Dennison, advisor, S. Gifford, R. Kubiack, R. McGuire, W. Annese, J. Barrus. Third row: R. Fleming, A. Busher, J. Cockroft, L. Glushien, W. Nooth, R. Bates.

Early in 1962, in an attempt to establish a better relationship between the Stockbridge School and the University, the *Stockbridge Service Organization* was formed. Working closely with the four-year counterpart, Alpha Phi Omega, Stoso has engaged in several projects which have greatly benefited the campus community. These projects include freshmen and senior registration, annual Stoso dance, selling swags, selling corsages for the Snowball, tutoring, organizing the Progress Banquet, and awarding scholarships.

STOSAG

Left to right — First row: S. Kalishman, pictures; G. Pendleton, business manager; J. Padula, editor; S. Gifford, seniors; Dr. Goddard, advisor; J. Barrus, clubs. Second row: R. Swanson, special events; D. Allessio, art; J. Lawrence, faculty; P. Fields, pictures; R. Cutler, dorm life; P. Gray, sports; R. Goddard, dorm life.

The yearbook staff has put many long hours of work into editing this year's yearbook. We feel that it was not wasted time and we take great pride in presenting to you STOSAG '65. The student body as a whole is to be congratulated for their fine cooperation in helping to make this yearbook a success, even though difficulties were encountered with a few individuals, organizations, and clubs. Therefore, the staff thanks the students and hopes that they will also be proud of their yearbook, STOSAG '65.

SIGMA SIGMA ALPHA

Left to right — First row: G. Bundy, J. Brewer, S. Gifford, L. Slack, P. Fields. Second row: M. Culley, M. Howland, M. Housman, S. Morse, S. Shannon, M. Rossi. Third row: D. Smith, L. Crist, C. White, M. Williams, L. Jarkko.

ADVISOR

Mrs. M. DuBois

PRESIDENT

Susan Gifford

The purpose of Sigma Sigma Alpha is to stimulate scholastic excellence, provide a social organization for Stockbridge women and encourage women to enter the field of agriculture.

ALPHA TAU GAMMA

Alpha Tau Gamma fraternity was founded at the University of Massachusetts in 1919. It is the only fraternity founded by and exclusively for Srockbridge students.

The social life of the brothers included frequent parties, exchange suppers, Homecoming and the Sno-ball. For work activities the brothers remodeled some of the rooms in the house.

First row: Left to Right — J. Frydman, J. Brewer, P. Parkhurst, S. Gifford, M. Mulryan, M. Rossi, J. Padula, L. Slack, N. Taft. Second row: Left to Right — D. Howard, D. Helfrick, R. Fleming, J. Venuti, P. Leofanti, R. Kubiak, B. Phil-

brick, S. Shannon, L. Glushien, H. Wollard. *Third row:* Left to Right — D. Jones, A. Bowles, G. Pendleton, J. Carlson, C. Bucelwicz, G. Bundy, W. Annese, J. Sokolowski, W. Nooth, R. Bates, C. Wheeler.

SENATE

Under the direction of President Mulryan the Senate had a successful year with the budget causing the biggest debate. Each major club, and organization is represented enabling each student to have a voice in our school's student government. The functions of the Senate are many and varied but always directed toward improving the academic and social affairs of the student.

The
Voice
of the
Student
Body

The Judiciary was formed in the pattern of the American Judicial Court, that is, the defendant is innocent until proven otherwise. Keeping this in mind, the Judiciary members did an excellent job this year in trying cases involving infractions of the Stockbridge rules.

The Judiciary not only promotes better student discipline but also teaches the true meaning of the American government.

Jim Padula was elected Chief Justice for the 1964-65 year with Lianne Slack being elected Secretary. Bruce Newell was chosen sergeant-at-arms, Dick Ford as Senator, and Art Darcy will be Chief Justice for the coming year.

Row 1: Left to right — L. Slack, J. Padula.
Row 2: Left to right — B. Newell, A. Darcy, R. Ford.

Judiciary

Left to right — First row: H.Vosburgh, C. Scott, M. Houseman, R. Tinkham, A. King, J. Cockroft. Second row: G. Schonbeck, M. Shaw, H. Frenette, P. Bass, J. Cole, B. Philbrick, D. Tedford. Third row: D. Larochelle, E. Wiacek, D. Paquin, J. Creeger, D. Howard, T. Smith, D. Reid, G. Driscoll, R. Bergstrom.

LEAR

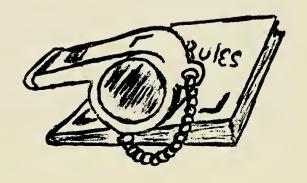

The Stockbridge Honor Society, Lear, is composed of senior students who have maintained a quality point average of 3.4 or better during the first three semesters. Membership in this group represents the highest scholastic award from the Stockbridge School. Those names which appear here are placed in the order of rank.

Sports

SOCCER

The Stockbridge Soccer team had a poor season this year with a record of one win and five losses. This was due mainly to the lack of practice sessions and experience.

With over half the players returning next year and with a few more practice sessions a more favorable record is expected.

FINAL SCORES

Mr. Hermon 2	Stockbridge 0
Deerfield	Stockbridge 1
U. Mass. J.V 1	Stockbridge 0
U. Mass. Frosh 4	Stockbridge 0
Deerfield 1	Stockbridge 3

RIFLE TEAM

Stockbridge Beats

Thirty-two candidates tried out for the 1964-65 Stockbridge Rifle Team. The seniors that returned for their second year are Captain Steve Dicks, Bill Annese, Dan Black, and George Hodson. The hard job of picking a twelve man team was left to Col. Marchant.

Once again Stockbridge beat Yale for the sixth consecutive victory with the team compiling a score of 1321 to 1243 points.

Three tough matches are remaining, but the team is hoping to add three more victories to their record. Congratulations to Col. Marchant for the fine job he has done with the team.

BASKETBALL

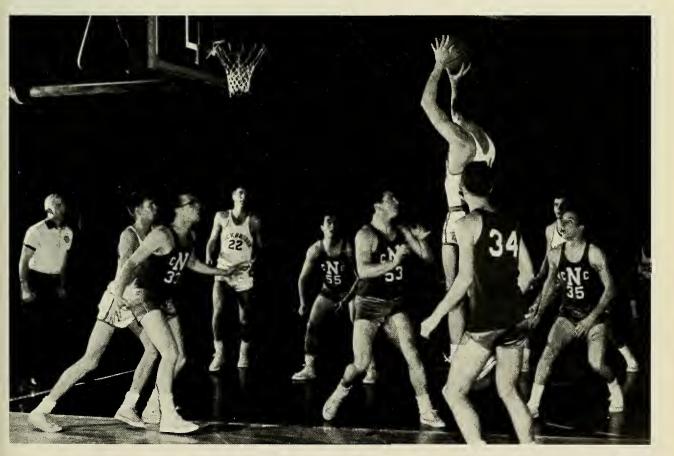

This year's team was headed by the return of our lettermen; however, the team never reached its full potential and was hampered by lack of practice and experience. The record was one win and five defeats.

With many freshmen returning and with the team spirit and sportsmanship demonstrated both in and off the field, next years team should be an even bigger threat. Most important — the team has gained a real feeling of sportsmanship that will never be forgotten.

INTRAMURAL FOOTBALL

All out enthusiasm by both spectators and team was the key note for the Middlesex Intramural Football Team. The team was comprised of ten rugged members and formed an unbeatable combination. Their record was seven wins and two losses to place them in third slot on the Intramural Circuit.

This team was always up against heavy odds, but teamwork and strategy helped to overcome this handicap. Two individuals were distinguished by being chosen for the Intramural All Star Team. They were Wendell Nooth, and Kevin Steede.

With the return of four members next year the team should again have extraordinary success.

SPORTS REVIEW

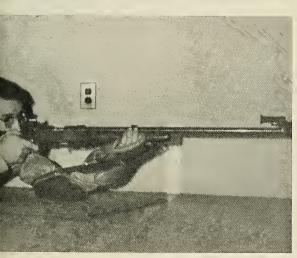

Special Events

SCIENCE IN AGRICULTURE WEEKEND

This year's first Science in Agriculture Fair was considered a resounding success. An estimate of fifteen thousand people viewed the myriad exhibits and functions of the two-day fair.

The fistulated cow presented herself very well to the public, and did not balk as people looked into her first stomach and viewed the mysteries of digestion.

There were many interesting and educational exhibits featured by the various agricultural departments. For example, the Land Operation Club featured miniature trees, shrubbery and a running brook. Also, the Floriculture Club drew visitors to its exhibit of floral arrangements for the home, hospital and wedding.

Most important, the show presented well the changing role of agriculture today. It helped to clear up misconceptions about the "Aggie College" and showed it to be a dynamic and integral part of the modern college campus.

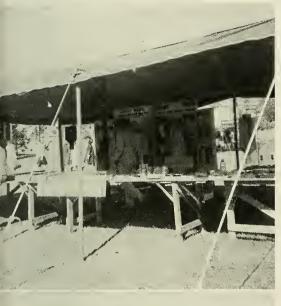

EXHIBITS

AND EVENTS

SNO-BALL

This year the annual Sno-Ball Dance was as always, a highlight of the Winter Carnival Weekend. As the clock struck eight, couples started to arrive and the music from Bobby Kaye and his orchestra filled the ballroom. Many distinguished guests arrived such as President and Mrs. Lederle, Mrs. Jeffrey and a number of the faculty.

When the clock struck ten thirty everyone grew anxious awaiting the selection of the Sno-Ball queen. President Lederle crowned this year's queen, Nancy Glover.

Finally all good things come to an end and so did the Sno-Ball. When twelve o'clock struck, the couples started on their own way. They will always have fond memories of the Sno-Ball of 1965.

THE QUEEN and her COURT

Left to Right: Miss Prisilla Moody, Miss Joan Graham, Miss Nancy Glover — the queen, Miss Sandy Babin, and Miss Carol Ellstrom.

PROGRESS BANQUET

The 11th Annual Progress Banquer presented by Stoso was held March 9, 1965 in the Student Union Ballroom. The banquet this year was well attended and enjoyed by all. Awards, scholarships, presentations and dedications were awarded to students for their outstanding achievements while at Stockbridge.

"Progress Banquet" is a fitting name for this banquet because of the recognition given to those students that demonstrate interest and initiative in their major and to the Stockbridge School.

LITTLE INTERNATIONAL

The 1965 Little International was once again a great success. The animals were fitted and shown especially well this year which made it difficult for the judges to choose a winner.

The participants are Animal Science majors in both the University and Stockbridge. The purpose of the show is to give the students an opportunity to fit, train, and show an animal of a certain species.

The "Coed-Milking Contest" provided entertainment for all. Coeds who aren't familiar with the art of milking, participate in the contest for the title of the "Girl with the most Pull on Campus".

ACKNOWLEDGEMENTS

The following people have contributed greatly to the success of the 1965 Stosag and to them we extend our sincere thanks:

- to Professor George Goddard, Stosag advisor, for generously giving many hours of assistance.
 - to all the students of Stockbridge for their co-operation.
 - to Dean Jeffrey and his office staff for their many suggestions and favors.
 - to the Grenier-Ducharme Studio for their co-operation and excellent photographs.
 - to all the members of the Student Activities Office for assisting us with many problems.
 - to Mr. Kosarick for his assistance with the photography.

and to all others who have in any way contributed to make this yearbook a success.

--- the Yearbook Staff
